This could be Morrie's reflections on love, death, family, regret, or any of the many profound topics he explores. The other side of your page serves as a space for your personal response, reflection, or analysis of the chosen excerpt. This could involve connecting the quote to your own life experiences, examining its implications for your personal values, or exploring the practical applications of Morrie's teachings. This method allows for a more structured and insightful engagement with the text, transforming passive reading into active learning and personal growth.
