FAQ: Hotel Security SOP Manual

Q1: How often should a hotel's security SOP manual be reviewed and updated?

A1: The frequency of review and updates should depend on various factors, including changes in legislation, technological advancements in security systems, and any significant security incidents. However, at a minimum, an annual review is recommended. More frequent reviews might be necessary after significant changes to hotel operations, staff turnover, or new security threats.

Q2: Who should be responsible for creating and maintaining the hotel security SOP manual?

A2: While the exact responsibility can vary depending on the hotel's structure, it is typically the responsibility of the security manager or a designated security team.
